

Non-Hispanic or Latino by Race - All Ages

This dataset shows the different combinations of race available from the census survey for the entire population. The counts are cross-tabulated with Non-Hispanic or Latino origin, so that only those people that also reported themselves as not of Hispanic or Latino origin are reported in their race classifications. A person could classify themselves into one of 63 different race categories based on their full or partial makeup from the 6 race categories - White, Black or African American, American Indian or Alaska Native, Asian, Native Hawaiian and Other Pacific Islander, and Other.
